TO WHOM IT MAY CONCERN

I write to affirm the suitability of Ms Prebashnie Moonsamie for recognition as a Qualified Mediator under the Court-Annexed Mediation Protocol implemented by the Gauteng Division of the High Court. I have known Ms Moonsamie in a professional capacity for many years and have collaborated with her in numerous RAF-related matters.

Prebashnie brings a distinctive blend of legal acumen and empathy to mediation. With nearly two decades of personal injury litigation experience—including service to the RAF and extensive plaintiff representation—she offers a balanced and deeply informed approach to RAF dispute resolution. She is skilled in merit assessments, quantum analysis, medico-legal interpretation, and client communication.

Her training and accreditation as a mediator is underpinned by active RAF experience. She is fully versed in the procedural and strategic elements required under the Protocol and Litigation.

Importantly, Prebashnie exemplifies the ideals of neutrality, good faith facilitation, negotiation, and solution-focused dialogue. She has shown great skill in breaking deadlocks, encouraging meaningful participation, and achieving agreements in even the most emotionally and factually complex claims.

I am confident in her ability to uphold the integrity and objectives of the court-annexed mediation process and wholeheartedly recommend her profile for publication.

Sincerely,

Elizabeth M Baloyi-Mere SC
