

South African Medico-Legal Association

In Pursuit of Excellence

16 May 2025

To whom it may concern:

This is to verify that Susan Verhoef has been involved in mediating matters since 2020 and has been involved in many mediating matters on the SAMLA-MEC for Health Mediation project as well as RAF matters as part of the SAMLA-RAF project.

Susan has conducted several mediations as lead mediator in medical negligence matters during 2021-2025 as part of the SAMLA mediations with the MEC for Health, Gauteng, as the defendant. She acted as lead mediator in even more mediations with the RAF, as the defendant.

Susan has more often acted as co-mediator to observe and assess the conduct of new lead mediators and observers to facilitate training of mediators for the SAMLA – MEC for Health and the SAMLA-RAF Mediation projects.

Yours sincerely

Stacy Prinsloo
Coordinator: Gauteng Health SAMLA Mediation Project
